

Sizing Guide for KutGlove™ Cut Resistant Gloves

Place hand against top left edge of guide. Read your size against right side of hand. If between sizes select smaller size. Glove should be snug, not tight. Fingers should just touch and thumb be slightly short.

Washing Instructions:

KutGlove™ cut resistant gloves are machine washable; sanitizer, bleach, and dishwasher safe.

- Hand washing: apply liquid detergent (such as Dawn) scrub thoroughly. Rinse the glove from the fingertips down, on the first rinse.
- Second rinse: flush the glove with water of approximately 120°F down the inside of the glove.
- Sanitize gloves using food safe sanitizing agent according to manufacturer's recommendation.
- Squeeze excess water from gloves. Hang gloves to air dry. DO NOT lay or place gloves to dry in an enclosed area or drawer.
